THE DUKE OF CLARENCE

King William IV, monarch of England, reigned from 1830
until his death in 1837.

William served in the Royal Navy in his youth and was,
both during his reign and afterwards, nicknamed the “Sailor
King”. He served in North America and the Carribean.

In 1789, he was crowned The Duke of Clarence and St
Andrew’s. Since his two older brothers died without leaving
legitimate issue, he unexpectedly inherited the throne when
he was 64 years old.

His reign saw several reforms: the poor law was updated,
child labour restricted, slavery abolished in nearly all the
British Empire, and the British electoral system refashioned
by the Reform Act 1832.

At the time of his death William had no surviving legitimate
children, but he was survived by eight of the ten illegitimate
children he had by the actress Dorothea Jordan, with
whom he cohabited for 20 years. William was succeeded in
the United Kingdom by his niece, Queen Victoria, and in
Hanover by his brother, Ernest Augustus. Clarence Street
was named in honour of
“The Duke Of Clarence”.
